Dear Sir or Madam:

Your above-referenced application for license renewal has been pending before this office since 1990. We have been unable to complete the processing of this application because you have not supplied us with the following necessary information:

RF Information: A response to Question 7 of the renewal application which adequately demonstrates that the station will pose no significant environmental impact from RF radiation to the public and to the station's workers. **See enclosures.**

We have attempted on several occasions to inform you of this matter and of the specific information that is required to complete processing of the application. To date, we have no record that you have filed the appropriate corrective amendments.

Pursuant of Section 308(b) of the Communications Act of 1934, as amended (47

If it is your intention to forfeit the station's license, correspondence communicating this fact, accompanied by the station's license, should be provided at this time.

The required information should be submitted in duplicate and addressed to:
